

THE REPUBLIC OF UGANDA

PETITION

(Rule 30 of the Rules of Procedure of the Parliament of the Republic of Uganda)

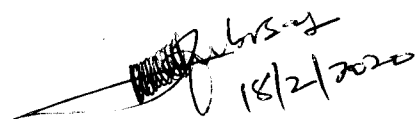

To:

The Parliament of Uganda

The HUMBLE PETITION of Matongo Lost Land Recovery Families Organization presented on their behalf by Hon. GAFABUSA RICHARD MUHUMUZA – BWAMBA COUNTY BUNDIBUGYO DISTRICT.

SHOWETH AND STATES THAT:-

1. The subject matter of the petition regards forceful eviction of communities in Bundibugyo district by the Government of Uganda;
2. Matongo Lost Land Recovery Families Organization is a company registered under the laws of Uganda, formed by 2,618 heads of households from several clans of Baamba and Babwisi communities from Bundibugyo District in western Uganda, originally from the villages of Nkalala, Bukondo, Ntosa, Lumbulumbu, Bombolo, Mambilo, Nkasele, Ntuuma, Kijanjabha, Bhugyambila, Mbiika, Mamilimili, Saara, Tokuwelute, Mujubha, Kakosiya, Makikabho, Mandako, Kondinduru, Kananiga, Gghutwalibho, Kahu, lute, Kakudhea, Kanyamusene, Makghulukghulu, kubhongomiya, Hamukole and manjughuja covering approximately 125 square miles of land that constitute part of the now, Semuliki National Park.
3. Your humble Petitioners aver that:-

 18/2/2020

- a) The petitioners through their clans and that of their great grandparents, their grandparents and their parents occupied the claimed land, before it was gazetted as a forest reserve in 1920 and a national park in 1993;
- b) The said land was covering the area from Saara stream to river Semuliki through river Lamia on the boarder of Democratic republic of Congo with Uganda in the west and also boarder Kisubba, Tokwe and Bubukwanga Sub Counties within Bwamba County and is their ancestral land in which they had lived even before independence;
- c) The petitioners were first evicted by the British Government in 1920 allegedly due to an outbreak of an epidemic of sleeping sickness that had infested the area and after this that the land was gazetted as Forest Reserve;
- d) The second eviction was by the Government of Uganda in 1983 but the purpose of the eviction was never disclosed and no plans for resettlement or compensation were made forcing some of them into exile in the Democratic Republic of Congo to date;
- e) The people who stayed in the country are surviving on handouts from their neighboring communities where they were and are still being helped out;

18/2/2020

f) The petitioners embarked on the struggle to reclaim their ancestral land through several engagements as follows;

- i. In 1953, when grandparents of the petitioners appealed to Governor Cohen who listened to their complaint and degazzeted Saara Humya in Bubukwanga Sub County and Saira Butoogho in Kisubba Sub County;
- ii. In 1972, when the Government of President Idd Amin Dada degazetted the land and allowed the owners to go back to their ancestral land;
- iii. Some of the claimants under the Banyamwera united clan by letters dated 5th May 2010 and reminder dated 25th May 2012, wrote to the president of the Republic of Uganda seeking audience with him for further explanation about their claim;
- iv. The Banyamwera united clan by a letter dated 27th March 2013 also wrote to the Minister for Presidency, notifying him of the several petitions made to the President and by letter dated 26th Feb 2013, wrote to the Member of Parliament for Bwamba county, woman Member of Parliament, Bundibugyo district and the Chairperson LCV Bundibugyo district reminding them to help with following up their claim for their ancestral land;
- v. The claimants then organized themselves and constituted themselves into a bigger group representing all the seven affected clans that were evicted called **Matongo Lost Land**

 18/2/2020

Recovery Families Organization, who regrouped and started the struggle to claim their ancestral land;

vi. Since 2017 the organisation have also written several letters and also held several meetings with different authorities in government and various stake holders about their claim but still in vain.

g) During the forceful eviction, no consideration was made for the crops that they had planted, their cultural sites, burial sites and houses that they erected, acquired and had grown over a period that they had resettled in the area (from 1972-1983).

4. NOW THEREFORE your humble petitioners pray that Government:—

- a) Carries out an investigation into the matter so as to effect reasonable and adequate compensation to all the affected families and households;
- b) Either degazettes the claimed part of Semuliki National Park and allows the petitioners resettle in their ancestral land, **OR** find another alternative arable land for proper resettlement for all the claimants.

AND your humble petitioners as in duty bound will ever pray;

AND hereto your humble petitioners have appended their signatures
